

Zazy TV

Software Installation Guide for Android TV

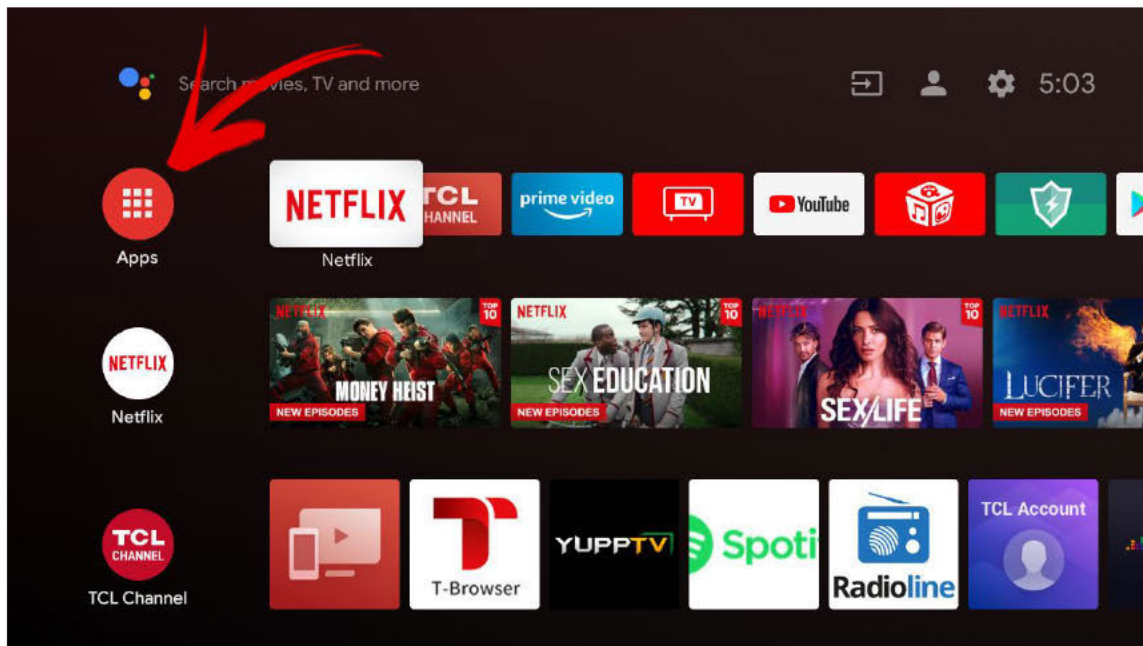

1. About Zazy TV Application

The Zazy TV application is designed for Android TV devices, it can be installed on any Android TV with an internet connection. Our amazing streaming service has Live TV channels, Latest Movies and Series to choose from.

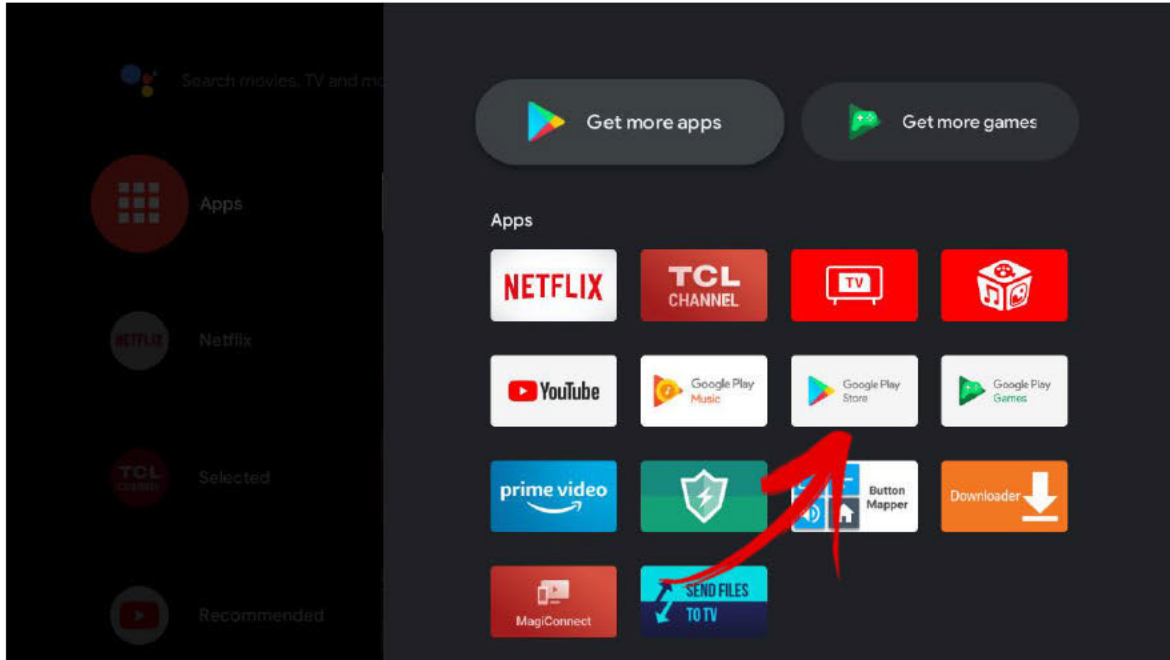

Zazy TV has an intuitive and easy to use user interface that lets you stream your preferred content from popular platforms, including Netflix or Amazon Prime Video in all the places that matter most. Whether at home on Android TV that's been set up right next to where you sit, providing you options for viewing delivered program's in HD, FHD and UHD qualities depending upon your preference.

2. Installation

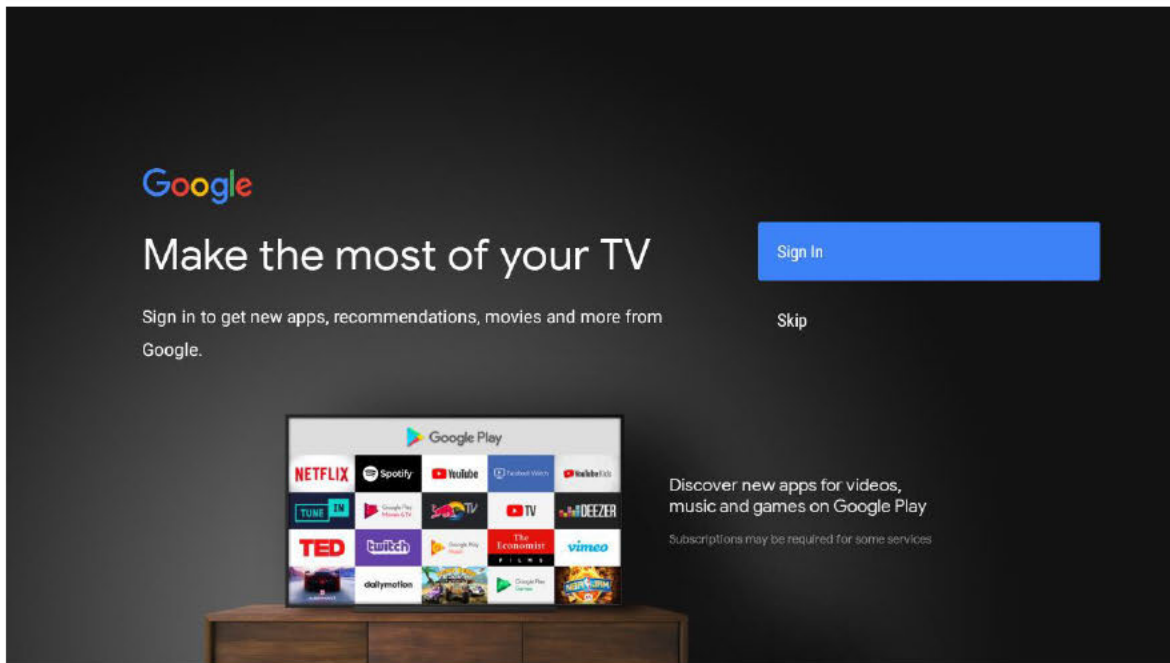

1. Turn on your android TV. Click on The **Apps** icon of your android TV and go to Google Play Store.

2. Now, open the Google Play Store from the apps given below.

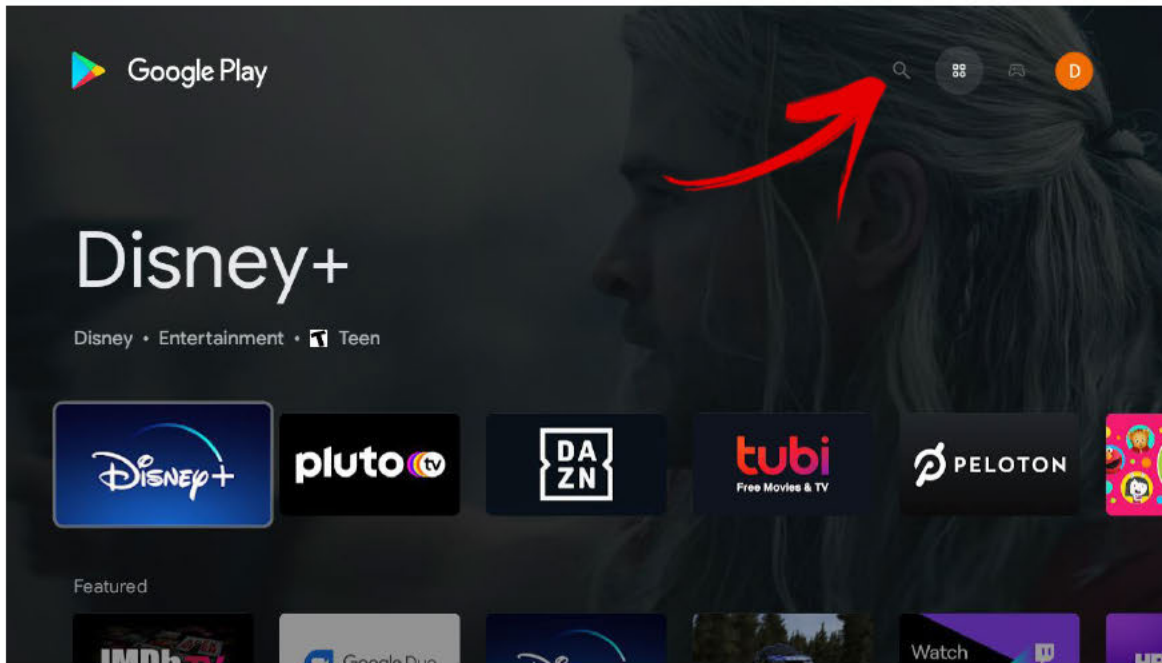

3. After Clicking it will take you to the **Sign-in** interface of the Google Play Store, sign in with your Google Account and Press ok. Now your Android TV has been set up with your Account.

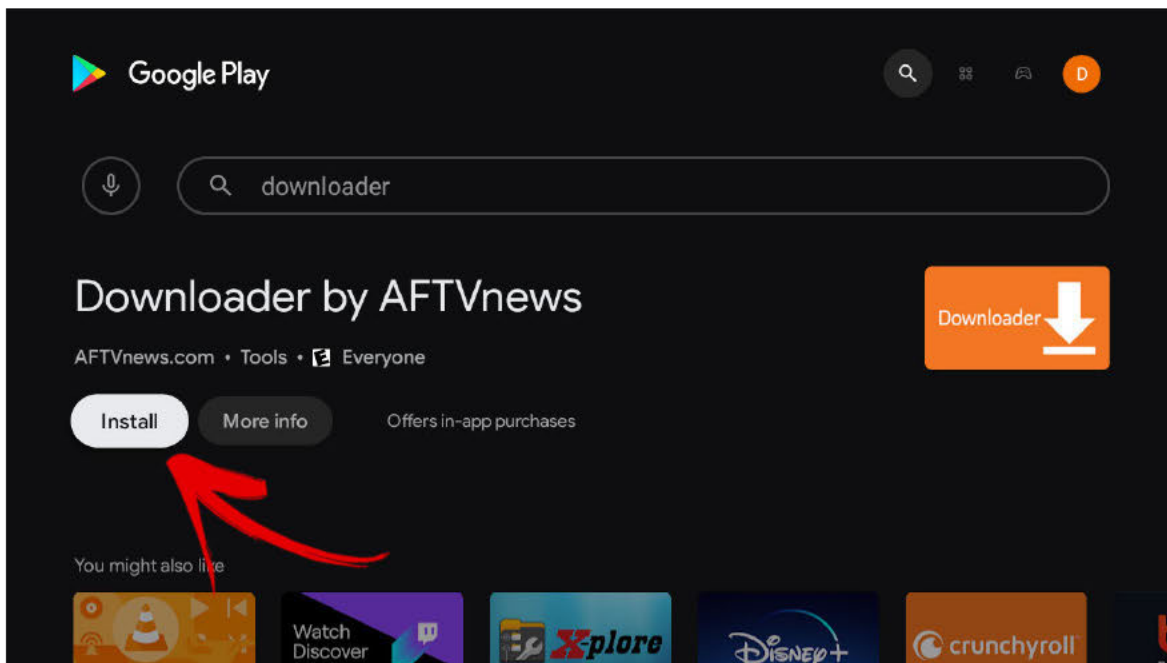

Note: If you have already login to your Google play store than there is no need to follow the above step. Just open Google play and search Downloader.

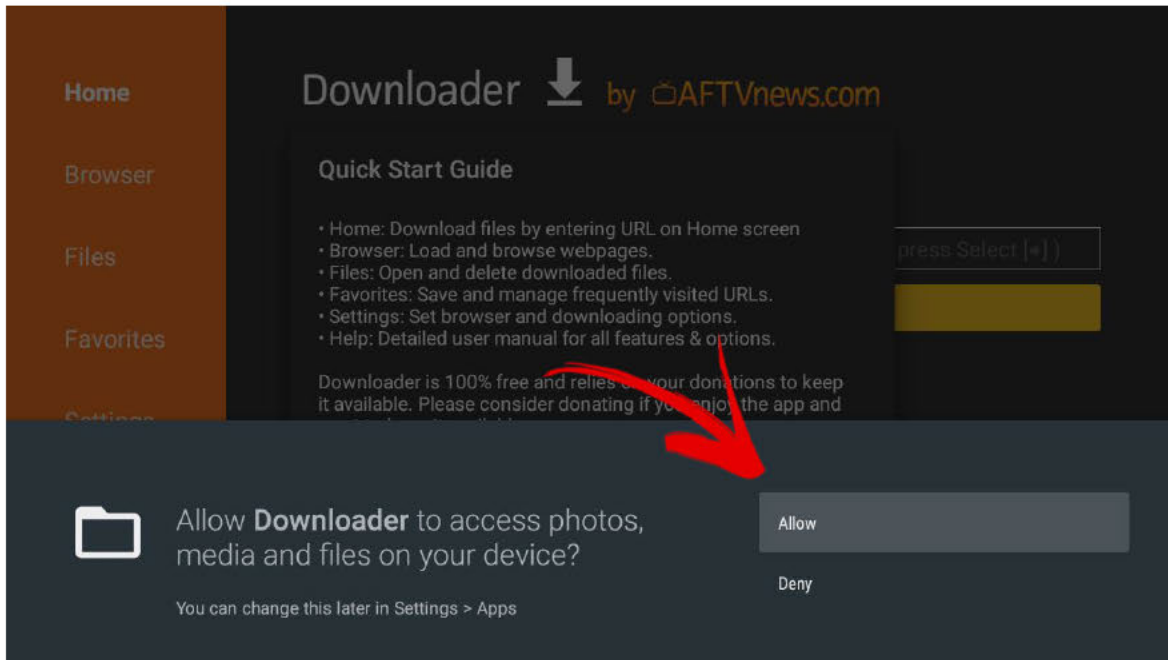

- Now click the **search icon** and type **Downloader** in the Search bar, it will show you the **Downloader by AFTV News** application.

- Hit **Install** and wait for the Installation process to finish.

- When Installation is finished open the Downloader and allow it to access files and media on your device.

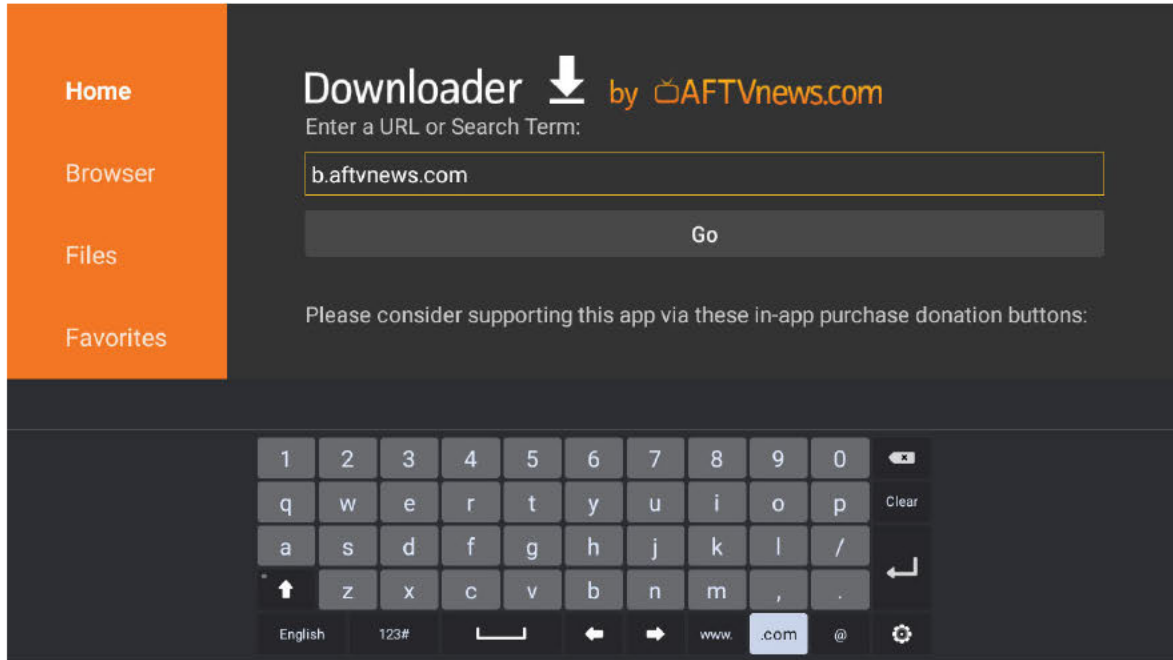

- Now you have to install the Browser plug-in inside the Downloader app, this will let you connect to our site, download the Zazy TV software and install it in your Android TV.

For this purpose, at the Browser tab of the Downloader app, copy the URL **"b.aftvnews.com"**

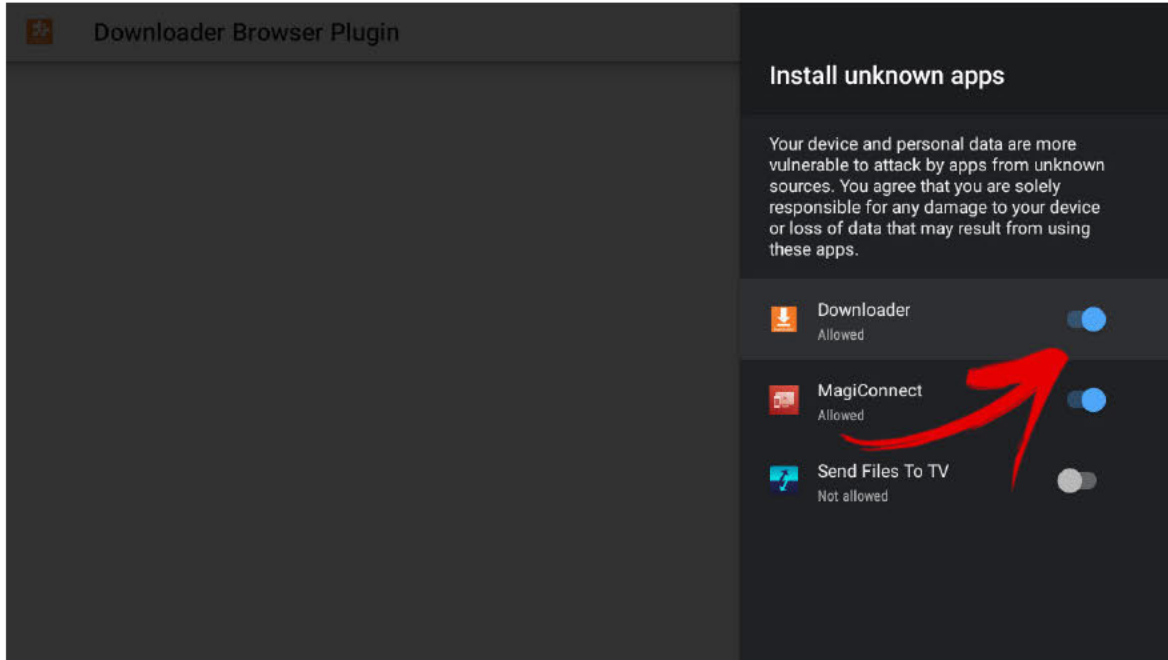

Now go to the Home tab of the Downloader app and paste the link in the Home screen search bar. If you don't know how to paste, you can just write it manually.

8. After hitting enter, a **Pop-up** will appear saying **“Your Device is not allowed to install unknown app from this source”**. To resolve this, click on Settings.

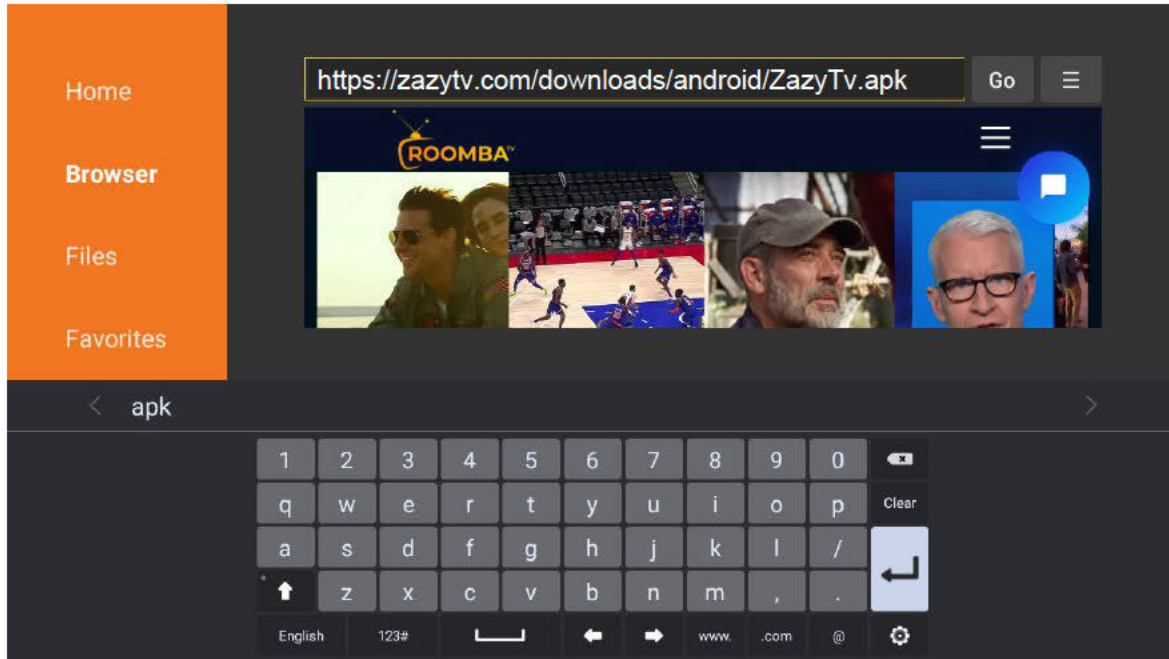

9. After clicking on Settings, **allow** the Downloader to install Unknown apps. If you see a message stating unknown source apps may harm your device, no worries. This message usually comes up when you install an software outside Playstore. Since you are downloading the app from the official Zazy TV website you can skip this.

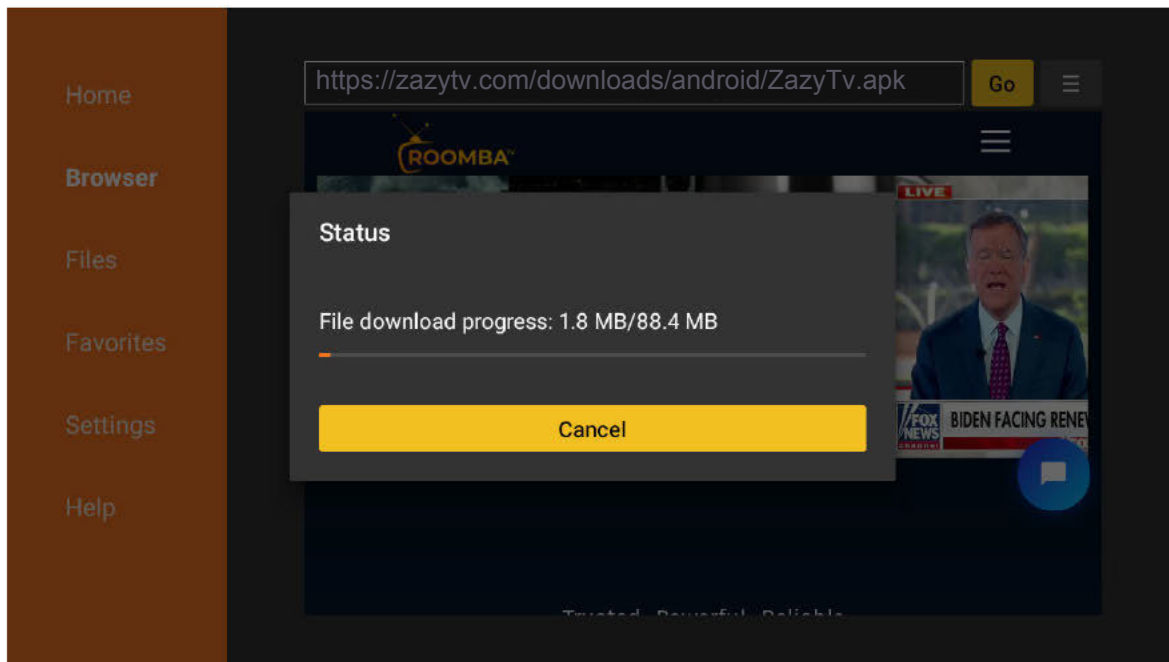

10. Your browser plug-in has been installed in the downloader, now go back to the **Address Bar** and paste the following link and hit Search.

<https://zazytv.com/downloads/android/ZazyTv.apk>

11. This will download and install the Zazy TV application in you Android TV.

12. The **Shortcut** of the Zazy TV will be created in the Apps section in the Home Screen of your Android TV. Just go to the apps and click the Zazy TV icon to open the application.

Finally, use the Username and Password sent to your email to login

Enjoy :)
